

# FOOD DRIVE CHALLENGE 2014

Cincinnati Canstruction: February 17 – March 5

**ATTN: All Area A/E/C Firms:**  
your firm can be part of Cincinnati Canstruction 2014

While your firm may not have taken on the challenge of building a massive structure out of food, you can show the community that the entire A/E/C industry CAN help fight hunger by joining us for the 2014 Virtual Food Drive Challenge. Yes, this year we're going totally green and making our Food Drive Challenge an online event only. By avoiding the gas used for delivery and pickup of barrels, we can put those resources straight to those in need. You and your team members get to avoid the shopping and maximize your donation.

## Here's how it works!

Establish your team online and promote the virtual food drive to your employees, vendors, clients, etc. For every \$1.00 donation made between February 17 and March 5, your team receives credit for 3 cans of food. At the end of the challenge, the team with the most 'cans' will be recognized at the Canstruction Awards Gala.

# Together we CAN help fight hunger
